## Product Description

### Product Description

#### EO Gas Medical 3 Way Stopcock Disposable Sterile Three-way Stopcock With Luer Lock

**Product Name** Three-Way Connector

**Main Ingredient** PP+PE+ABS

**Function** Used in conjunction with other infusion devices to change the flow of liquid or blood.

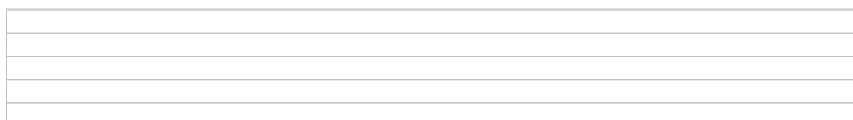

**Specification** L-Size,S-Size

**Usage** Used in conjunction with other infusion devices to change the flow of liquid or blood.

#### Features and Advantages

- Luer connector is simple and strong, without interruption of conversion, no vortex, and reduce thrombosis
- Practical design, easy to operate, can rotate 360 degrees, arrow clearly indicates the direction of flow
- Transparent products increase safety and are easy to observe
- Reliable pressure resistance, safer pressure infusion and blood pressure monitoring
- Small allowance, strong structure and circulation channel, no accumulation of air
- Uninterrupted fluid flow, straight and coherent flow passage, and optimal internal diameter provide the basis for real pressure monitoring
- Disposable to reduce the risk of cross-infection

### Detailed Photos

### Company

### Profile

Jiangyin Medic-Home Co., Ltd is the branch company of Jiangyin Homen Rubber Plastic Product Co., Ltd, located at Guibin Road 52#, ligang, Jiangsu province. The company covers an area of nearly 50, 000 square meters, more than 400 employees, annual sales reached 200 million yuan.

Excellent product quality and reliable reputation has made it been the pharmaceutical industry's favor. Products are exported to Europe, America, Southeast Asia and other countries and regions. After 10 years of productive practice, the accumulation of international trade experience and brewing, Medic-home was lauched in May 2017, which is a one-stop service trading platform in the filed of medical and pharmacy.

Medic home Co., Ltd is mainly providing medical consumables(syringe, injection needle, Infusion set, masks), pharmaceutical packaging(rubber stopper, syringe gasket, glass bottle, flip off cap); Laboratory supplies(virus transport medium, pipette fliter tip, vacuum blood collection tube)and so on...
