

## Closed/Open Butyl Rubber Stopper PET Material Blood Collection Tube Cap for 13MM,16MM Models

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Certification: CE ISO
- Delivery Time: Within 15 working days after confirming the order

#### Product Specification

- Processing Service: Moulding
- Place Of Origin: China
- Model Number: 13MM,16MM
- Properties: Medical Polymer Materials & Products
- Product Name: Plastic Blood Collection Tube Cap
- Material: PET
- Size: 12x75,12x100,13x75,13x100,16x100
- Color: Red, Blue, Green, Gray, Black
- Application: Blood Collection Tube
- Type: General Medical Supplies
- OEM: Available
- Highlight: **Butyl Rubber Stopper Blood Collection Tube Cap**, **PET Material Blood Collection Tube Cap**, **13MM, 16MM Model Blood Collection Tube Cap**

## Product Description

### Closed/Open Butyl Rubber Stopper Unit with Cap

Professional-grade vacuum blood collection system component featuring a butyl rubber stopper unit with integrated cap, designed specifically for PET plastic tubes in medical and laboratory applications.

Engineered for reliable vacuum maintenance and secure sample containment in blood collection procedures.

### Key Features

- Dual-function closed/open design for versatile application
- High-quality butyl rubber construction for optimal sealing
- Integrated cap for enhanced protection and contamination prevention
- Compatible with standard PET plastic vacuum blood collection tubes
- Reliable vacuum maintenance for accurate blood draw volumes
- Medical-grade materials meeting industry standards

### Application Specifications

Material	Medical Grade Butyl Rubber with PET Cap
Compatibility	PET Plastic Vacuum Blood Collection Tubes
Function	Vacuum Sealing for Blood Collection Systems
Design	Closed/Open Configuration with Protective Cap
