

Customized One-Way Check Valves Made of Food-Grade Silicone

Our Product Introduction

for more products please visit us on needles-syringes.com

Basic Information

- Place of Origin: China
- Certification: CE ISO
- Delivery Time: Within 15 working days after confirming the order

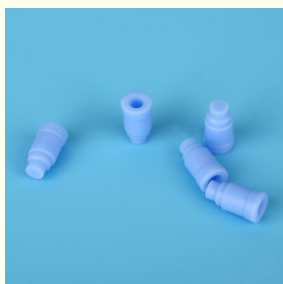

Product Specification

- Processing Service: Moulding, Cutting
- Place Of Origin: China
- Size: Customized Accepted
- Customized Accepted Shape: Custom Shape
- Color: Customer's Request
- Hardness: Customized Hardness
- Material: 100% Pure Silicone
- Sample: Available

Product Description

Food Grade Silicone Seal Valves

Factory wholesale food grade silicone seal valves designed for one-way air and dust control applications. These customized silicone valves provide reliable sealing performance while maintaining food-safe compliance for various industrial and packaging needs.

Product Features

- Food-grade silicone material compliant with safety standards
- One-way valve design for controlled air flow
- Effective dust and contaminant protection
- Customizable sizes and configurations available
- Durable construction for long-term performance
- Suitable for various packaging and industrial applications

Applications

Ideal for food packaging, beverage containers, medical devices, industrial equipment, and any application requiring controlled one-way air flow with dust protection. These silicone seal valves maintain product integrity while allowing pressure equalization.
